Weekly Cooking at RITA

By Tyler Cappolli

During this Week at the Apartment we made

1 Chicken pot pie

2 Quiche

3 Quesadilla with fruit cups as one of the choices

Because of COVID we can't cook big meals. We can only cook meals that we have not made before and we can't go to the store and get the items and make a lot of food because of COVID.

A Day In Newport

By Jocelyn Labbee

On february 5th,2021 we went to the Breakers in Newport where there was a fountain in the foyer. There was gold leafing on the ceiling and furnisher. The entrance to the mansion was beautiful. The kitchen was huge. It had a dumbwaiter that brought food to the other rooms on the upper floors.One of the daughters had rose wallpaper . The mansion was spectacular. It had a big veranda that had doors that open to walk out. The view was beautiful. The mansion is right on the water.

Visiting the Whaling Museum in New Bedford

By Mike Castelli

We saw a model of a whale heart at the museum. It grossed me out!

We are able to go outside on the balcony and look at the harbor.

I enjoy The New BedFord Whaling Museum because it's so cool.

Chicken pot pie
