

Would you like to have a COLLEGE PANEL presentation at your school?

Hosted by:

The RI Regional Transition Coordinators & College Panel members

The College Panel is made up of young men and women who have disabilities that have successfully completed or are currently navigating college. They are available to share with you their personal experiences of accessing college Disability Support Services, the college campus, courses and extra-curricular activities. Find out what college is REALLY like. Listening to the College Panel will help in planning and will give tips to have a positive college experience. The College Panel will be happy to visit your school to provide information to students, teachers and parents. For more information and to set up a presentation.
